

3-Day-Service

This means:

Stand 2023/12

We need 3 full days to repair the defective spindle. **The day the spindle is received and return shipping are excluded from this time frame.**

For the 3-DAY-SERVICE we charge you an extra service flat rate.

The Service charge is in **addition** to the repair cost and depends strictly on the spindle type.

In case of warranty the service charge is also to be paid in full!
